The start date for your enrollment would be as soon as your application is accepted. Upon acceptance of the application form the clock will start on the time period for completion of the 800 Hour I AM Yoga Therapy™ Professional Training and you will have 4 years to complete it. Once enrolled and accepted into the program you will be given a special discount code to enter when you register for Modules 1, 2, 3, 4, 5 and 9 above to get an additional 10% off tuition. To get the early bird price on top of that you need to register for desired program at least 60 days prior to the start of the program.

Accreditation

We have submitted an application to IAYT for accreditation of our yoga therapy program, and will be able to provide information on our status after IAYT completes its review process. If you have already taken programs that are included in the 800-Hour training you must enroll in the 800 Hour I AM Yoga Therapy™ Professional Training prior to possible accreditation. In compliance with IAYT policy, Amrit Yoga Institute cannot offer a specific date by which accreditation may or may not be granted. If granted accreditation, students will need to complete an accredited program. That means, if changes are made to courses based on the accreditation process, students will be required to complete the revised portions of the program. For example: additional practicum assignments may be required to fulfill IAYT requirements.

If you are interested, and if you qualify, we recommend that you register now, or keep yourself closely informed so that you do not miss the deadline. Inquiries about the program may be made at: ashvini@amrityoga.org.

Note: The tuitions you may have already paid for programs you have taken will not be discounted retroactively, regardless of pricing published in 800HR I AM Yoga Therapy™ promotions or advertising. If you enroll after we are Accredited by IAYT you will have to re-take any Modules that you have already taken as part of this program. This can be done at 50% off the program price for each program that you need to re-take.

Our Recommended Order of Completion

Upon registering for this professional training, you will have an opportunity to plan your 2-4-year program with our Program Director. This will help you decide what Modules you will take in what order to fit your goals. We suggest you take Modules 1-5 in that order, then begin the distance learning Modules 6, 7, 8. Module 7 is a pre-requisite to Applied Anatomy (in Module 6). These distance learning Modules go into more depth of what you will learn in Modules 1-5 in the subjects of Anatomy/Physiology, Psychology, Ayurveda and Assessment. You may take Module 9 only after you have completed Modules 1-5, as this Module provides you an opportunity to review what you learned and skillfully combine all the components of I AM Yoga Therapy™ into an appropriate treatment plan for your clients.* Modules 1-5 each have their own practicum portion you will need to complete before taking the next module. The final practicum and exam will be provided to you upon completion of Module 9.

**Though you may proceed to Module 9 once module 1-5 are completed, it is best if you can complete modules 1-8 before going on to module 9. Module 10 Practicum may only begin after completion after ALL other modules.*

Student Requirements

Academic Performance & Program Completion Requirements

Students must attend all 10 modules and receive a certificate of completion for each module. Upon successful completion of the final Practicum, each student will be provided with an official 800-Hour I AM Yoga Therapy™ Professional Training certificate.

Grading and Academic Performance

We grade on a pass/fail scale in accordance with clear criteria. A student is required to pass each of the Module requirements and receive a certificate of completion before participating in the next Module. The teacher of each Module and/or mentor will grade all assignments and provide the pass/fail grade. Students are graded based on IAYT Competencies. 70% of the IAYT competencies must be demonstrated for a passing grade. If a student does not meet the competencies, they will be given the opportunity to complete the needed portions of the assignment again either during the course of this program or on their own time.

If they do not pass a second time a mentor may, at their discretion, ask the student to do further study or retake that particular Module again at their own cost of half the advertised price of the Module.

Program Attendance

- Students are required to be on time with required materials and equipment needed for scheduled classes.
- Students are required to attend all classes to receive certification. Classes that are missed may be made up at the discretion of the teacher.
- Students should sit up for all teachings unless the teacher directs otherwise. Chairs and back-jacks are provided for use as needed.
- Students are required to actively participate in all scheduled hours of the course including, but not limited to, classroom, practicum, home-study and mentorship. Failure to do so may result in non-completion of this program.

Competence and Productivity

All assignments are required to be turned into your teacher or mentor on time to be included in program requirements. In case of personal circumstances that may delay completion of required assignments, it is the responsibility of the student to reach out to the teacher/mentor and let them know when required assignments will be completed. It is at the discretion of the teacher/mentor to allow for extensions and, if allowed, determine a fair timeline of completion is possible.

Compliance with Supervision

All students are expected to report their progress and questions to their teachers and mentors. When working with clients, students are required to seek supervision with appropriate teacher/mentor as part of the learning experience.
